

Late Registration Policy

Since re-opening after the Covid closure, the JCCC has been working hard to create a consistent process for registering for Martial Arts programs. Now that we have run for approximately 1 year, we are taking additional steps to encourage participants and participant families to pay by the registration deadline.

Payment up to the deadline

- Fees have been standardized to a Series format (approximately 3 months) with a regular schedule of payments by Martial Art.
- All registrations up to the deadline, will pay the standard fee.
- A family discount of 10 % can be applied, if the fees are paid at the JCCC reception desk before the deadline.

Payment after the deadline

- Any fees payments after the deadline, will be subject to an administrative (late) fee of 10% and will not be eligible for any discounts.
- All fee payments made after the deadline will be subject to approval of the MA Administrative Team based on the ability to process the application in a timely manner.
- Participants joining late will be informed of the first possible date to start class and may not attend before this date.
- Any application to join a Series after it has started is considered case-by-case by the MA Administrative Team. Any fees will be subject to the administration fee.
- Beginners can ONLY start at the beginning of a Series (no registration after the deadline).
